

REBELS PLANNING TO ATTACK PEKIN

Imperialists Have Arranged Whereby Emperor and Court Will Be Protected by Foreign Legations—Manchu Troops Are Deserting the Capital

(Western Associated Press.)
Peking, Dec. 8.—The rebels are laying tribute on and obtaining subscriptions from Peking officials who draw imperial salaries, but fear to sympathize openly with the rebels.
The rebels freely say they intend to arm and attack Peking. Some agents have been made but the government is practically powerless owing to the timidity of the official class.
The student class is powerful in China and is enforcing extreme demands of racial dignity of the Chinese, who will be content with the limitations members of the court have already imposed upon themselves.
Precautions are being taken tonight against a rising of the Manchus troops, because of dissatisfaction over the recent, and the prospect of all Manchus in consequence of this, losing their pensions.

PERSIAN QUESTION IS DISCLOSED IN THE HOUSE OF LORDS

Lord Curzon Declares That Persia Should Have Accepted Russia's Ultimatum and Prophecies That Contentious Question Will Soon Be Settled

(Western Associated Press.)
London, Dec. 8.—In the House of Lords last evening Lord Curzon raised the Persian question and inquired as to the government's policy.
He asked for the papers referring to the Persian question with regard to which Great Britain had advised Persia to comply.
He thought that the advice was unpalatable but wise.
Lord Curzon wanted to know if Mr. Sturges-Bourne's actions were really an excuse for a revolution on the part of Persia. The government he said could not wash its hands of all responsibility for the second ultimatum, but the fact was an administrative partition would inevitably proceed to a political partition.

RELATIONS WITH WORLD POWERS ARE EXPLAINED

President Taft, in Message to Congress, Urges Legislative Body to Endorse Treaties with Britain and France—Explains Mobilization of Troops

(Western Associated Press.)
Washington, Dec. 8.—In the second of his messages to Congress, President Taft today reviewed the relations of the United States with foreign governments during the past year. In this message the president gave the first official explanation of the post-haste mobilization of 20,000 Federal troops to Mexico nine months ago, under the United States statute to ratify the general arbitration treaties with Great Britain and France and the conventions with Nicaragua and Honduras, and suggested legislation that he declared would strengthen this nation's trade and position among the other powers. The message was read in Congress today.
On two subjects included under "foreign relations," the president spoke only in brief fashion. He informed Congress of the conference begun by his message to the American legation in Petrograd in regard to the question of passports in Russia, for American Jews and Christians he expected to send a special message on this subject. Although the president said he was not sure of the result, he said that the arbitration treaties will be followed later by a message to the senate, before which they are pending, urging at length their ratification.
In regard to China, now in the throes of revolution, Mr. Taft had little to say except to explain the loans placed in that country by American and other foreign capitalists. In the present war between Italy and Turkey, the president pointed out the United States "has no direct political interest."

FOUR HUNDRED CARS OF STEEL ARE NOW EN ROUTE TO CITY

Actual Erection of Steel on C. P. R. High Level Bridge Will Be Started in Near Future—1000 Car Loads of Iron and Steel Will Be Required

The forecast that actual erection of steel on the high level bridge would commence early in the new year now appears to be well founded. Such headway is being made by the contractors on the extensive preparatory work that is so reasonable to assume that all will be in shape by the end of this month to permit the first spans being projected.
Cars of material are constantly arriving from the east and it is stated that one hundred cars of steel are already on the ground. These shipments are reaching here daily and nearly all the available open space along the bridge line is now crowded with the great piles of material. The structure is being built in a new way, according to a statement of a local official this week. In all, nearly one thousand cars of steel will soon be ready for transportation to this city for the big structure.
An idea of the enormous task which is ahead of the builders may be had from the amount of preparatory work being done. A huge trestle for unloading the heavier steel beams is now being erected along the tracks west of Fourth street, Strathcona. This structure is about eighty feet in height and will be about seven hundred feet in length. A donkey engine will operate on its lower deck and elevate the steel to the lofty storage space.

SELECTING JURY TO TRY BEEF BARONS

AMENDMENT PROPOSED TO PERMIT COMMISSIONERS TO RAISE ASSESSMENT OF PROTESTANTS

Chicago, Dec. 8.—Attorneys for the government late today tendered a tentative jury of twelve men to counsel of the indicted packers in the United States district judge Carpenter's court, after less than ten hours of actual court sessions.
Tomorrow counsel in the packers will begin cross-examination of the tentative jurors seven of whom are farmers. When the court adjourned today, Attorney James M. Sheahan, of the special counsel for the government, had questioned twenty-two witnesses. Twenty were excused for varied reasons and ten were peremptorily challenged.
The government still has the right of twenty additional peremptory challenges, while the packers have thirty.
The government still has the right of twenty additional peremptory challenges, while the packers have thirty.
The government still has the right of twenty additional peremptory challenges, while the packers have thirty.

ROBBERS MURDER CHICAGO WOMAN

HUSBAND REGISTS AND THIEVES OPEN FIRE INSTANTLY KILLING MRS. KAUFMAN

Chicago, Dec. 8.—Mrs. Edith Kaufman was shot and killed tonight by robbers who, dismounting from an automobile, attempted to hold her in the home of her husband, Kaufman showed resistance and one of the robbers opened fire upon him. The bullet struck Mrs. Kaufman in the chest and she was instantly killed. The assailants then escaped by their automobile.
Mrs. Kaufman and her husband, Edmund Kaufman, were returning after closing the opera and were directed in front of their home at 651 Roosevelt street, in the north side, when the automobile came up behind them and stopped at the curb.
Three men were in the machine and one of them called out, "Get out of the car." Mrs. Kaufman, frightened, slipped back and her husband turned toward the robbers to protect her. Hearing an armed resistance because Mr. Kaufman had not his hands up, the robbers fired twice.
Mrs. Kaufman fell to the walk and the robbers jumped back into the automobile and the machine went north in Sheridan road at a rapid pace.

COMING TO ALBERTA

(Western Associated Press.)
Brookings, S. D., Dec. 8.—A. G. Cameron for three years minister of St. John's church, has resigned and will leave January 1 for Alberta.

McMANIGAL BEFORE THE GRAND JURY

Dynamiter Who Turned States Evidence Declares McManama Boasted He Would Never Be Convicted—Convicted Men May Not Be Called Upon

(Western Associated Press.)
Los Angeles, Dec. 8.—Five hundred of thousands of dollars of the McManama case, it was learned today. It took only \$30,000 to clear Vincent Altman, of Chicago, and if they could not, convict him, they cannot convict me.
This boast, attributed today by Detective Malcolm McLaren to A. B. McManama, was the latter was being taken on a train from Detroit to Chicago, on the night of April 12 last, when the business agent of the union, Munsey is known to have been at his house after the Times exposure at Los Angeles.
Washington, Dec. 8.—Bratton James B. and John J. McManama as "instigators to the good name and high ideals of labor" and expressing the satisfaction of organized labor that the "enlightened have been commensurately punished for their crime," the McManama was and remains committee of the American Federation of Labor.
The labor leaders asserted that they were not investigating whether either federal or state courts may undertake.

The labor leaders asserted that they were not investigating whether either federal or state courts may undertake.

PERTINENT QUERIES ARE PUT TO THE GOVERNMENT

Legislators Bombard Premier with Questions Anent Provincial Business, About Loans, Provincial Demonstration Farms and Other Matters of Interest

The inner workings of government departments, provincial finance, and a multitude of other matters which are not brought before the house in the ordinary way, engaged the attention of the Alberta legislature yesterday afternoon at question time. Question time, in fact, is always one of the most interesting periods of the sittings of the legislature and yesterday it was exceptionally so.
In answer to a question by Hon. A. G. Rutherford, Premier Sifton informed the house that a total sum of \$1,500,000 had been advanced to the government by way of temporary loans or overdrafts, for a period of twelve months. No permanent loans had been placed during the years 1910 and 1911.
Answering another of Rutherford's questions Sifton stated that the province had received from the Dominion government from the school lands fund \$99,851.86 in 1910, and \$166,056.19 in 1911.
Answering Rutherford again, Sifton confirmed his statement that the government had not as yet received any official notice of the population of Alberta as stated in the recent Dominion census. When such information came to hand the government would consider that the advisability of making a survey of the population of the province was a matter of importance.
W. J. Harner, who has been attacked in the legislature by two of the Conservative speakers in the debate on the speech from the throne, has excited the curiosity of the house by his questions as to the salary and duties of the government's telephone superintendent and his other queries related to Harner's terms of employment. Sifton stated that Harner had been assistant telephone superintendent since May 1, 1909, that his salary on appointment was \$1,500 a year and that he had been granted an increase to \$2,010 a year on January 1, 1911. Harner's travelling expenses amounted to \$382.25 in 1909, to \$360.25 in 1910, and to \$385.10 in 1911.
John A. Reid is not in the employ of the provincial government. Reid has been deputy attorney general of Saskatchewan.

WATERY GRAVES FOR MAY MEN

NEARLY 200 RUSSIAN WORKMEN SWEEP AWAY WHEN RAILROAD BRIDGE COLLAPSES

(Western Associated Press.)
St. Petersburg, Dec. 8.—Between 150 and 200 workmen were today plunged into the Volga river through the collapse of a railroad bridge near Kazan.
The bridge which was in the course of construction was carried away by the pressure of ice. Only four corpses thus far have been recovered.

CHINESE CAN NOW SPEAKERS REINFORCES

PREMIER IS GIVEN FULL POWER TO ELIMINATE THE MANCHUS IF HE DEEMS IT NECESSARY

(Western Associated Press.)
Peking, Dec. 8.—An imperial edict was issued today sanctioning the cutting off of the queues. Shih Shih, the Manchurian prince, who was offered the grand guardianship of the Emperor on the resignation of the dynasty has definitely accepted the post. Hui Shih Chang, the Chinese vice-president of the council, who was offered the office of co-grand guardian, declined but the throne is now in his acceptance of the office.
A telegram from Wu Chang says that the revolutionaries are hopeful that the extension of the armistice will result in peace. The leaders are willing to concede full power to the Premier Yuan Shi Kai provided that he agrees to the entire elimination of the Manchus from the central government.
The trouble started when Wood, an ex-minister who wished to make an explanation, was ordered to insist, but persisted until four constables twisted his hands behind his back and rushed him out and scenes of great tumult. Following the member for Nanai called the member for Waverly "Snub" with a strong prefix attached to it.
The latter protested. "Remove him," cried the speaker, and straight way the order was carried out.
On the ground of interrupting business he had been removed. But he removed because he asked the speaker to remove the member for Nanai for using vulgar language.
For the same reason he ousted the member for Middle Barrow. This caused the member for Parry Sound to be a member, and no other Liberal member appeared willing to be a sacrifice, and the scene ended by the member for Nanai snubbing.

PURE ANARCHY IN LOUVRE MUSEUM

PARIS, Dec. 8.—Under Secretary of State Jules Breton was the subject of a sharp attack in the chamber of deputies today in connection with the theft of the statue, "Monsi Lisa," by the anarchists.

WAS A GREAT SUFFERER FOR FIVE YEARS FROM DYSPESIA.

Dyspepsia is one of the most prevalent troubles of civilized life, and thousands of people suffer untold agony after every meal, for nearly everything that enters weak dyspeptic stomach acts as an irritant.

The long train of distressing symptoms, which render life a burden to the victim of dyspepsia, may be promptly cured by the use of Burdock Blood Bitters. Mrs. Wm. J. Boyne, Leprun, N.B., writes:—"I thought I would write and tell you of the good Burdock Blood Bitters has done me and also tell you how thankful I am."

"For five years I had been a great sufferer from dyspepsia, and tried different doctors and proprietary medicines, but could get no relief. One day a friend told me to try Burdock Blood Bitters. I did not have much faith in it, but I thought I would give it a trial. To-day I am completely cured, and I will always recommend it."

Burdock Blood Bitters has been on the market for about thirty-five years and is manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

Canadian Athletic Marks Official Records Passed

Complete List of Best Times and Distances Made in any Year in This Country—Runs, Jumps and Weights—One World's Record Made This Year

The new Canadian athletic records officially passed by the A. A. U. of Canada are given below.

The list includes one world's record, the throwing of the 35-pound weight for distance by M. J. McGrath, of the Irish-American A. C. of New York, made at the Union championships at Montreal on September 24th last.

A complete table of present records is appended herewith.

60 yards run—L. J. Sebert, 6.3 seconds Ontario 29th, 1910, at Toronto in Amorties (I.O.P.). No previous record made.

100 yards run—F. L. Lukeman, 9.4-5 seconds; June 4th, 1910, at Toronto Island. Equals Canadian record.

300 yards run—F. L. Lukeman, 33-5 seconds; April 29th, 1911, at indoor Ontario championships at Hamilton Army. This is recorded as an indoor record.

600 yards run—John Tressider, 1 minute 20-4-5 seconds; April 29, 1911, at Ontario indoor championships at Hamilton Army. Allowed as an indoor record.

1,000 yards run—John Tressider, 2 minutes 22-4-5 seconds; April 29th, 1911, at Ontario indoor championships at Hamilton Army. This betters L. S. Park's mark of 2 minutes 22-4-5 seconds made at Toronto April 25th, 1908.

Doan's Kidney Pills

Are the Best Remedy in The World FOR BACKACHE.

Many people fail to understand the significance of a lame, weak, sore or aching back.

You overtax the kidneys—give them more work than they can possibly do—then they cry out in protest through the pain in the back.

Backache is simply kidneyache and the best remedy in the world for backache and all kidney troubles is Doan's Kidney Pills.

We have thousands of testimonials from all quarters of the globe to prove this. Here is one from a party who used them in England, but who is now a resident of Canada.

Mr. P. R. Glenville, Wyndford, B.C., writes:—"When living in the 'Old Country' three years ago, I suffered severely from pains in the back, and had to give up work. The pain was so bad that when I stooped down to pick anything up, I felt my back must break. I tried all sorts of remedies and several doctors, but all to no purpose. One day I read of Doan's Kidney Pills, and thought I might as well try them, and to my surprise, before I was half through one box the backache had entirely disappeared, and it has not caused me any trouble since. I always keep 'Doan's' in the house and shall always recommend them to all sufferers."

Price 60 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

WINNIPEG ITALIANS TO ASSIST.

(Western Associated Press.)

Winnipeg, Dec. 8.—Roma, the Winnipeg Italian society, has taken steps to form a Red Cross society to be sent to the Italian Red Cross society of Italy in the Italian-Turkish war. It is surmised that this is the first effort of the kind in America for a society of the numerical strength of Roma, Winnipeg.

IN PRISON AGAIN.

(Western Associated Press.)

Winnipeg, Dec. 8.—Robert Dickson, alias Burns, alias Mitchell, on parole from the Edmonton penitentiary, was again in prison in Stony Mountain today for theft.

TO TEACH DEIZENS OF THE EFFETE EAST

C. Marker, Provincial Dairy Inspector, Will Give Address on Grading of Butter for Benefit of the Dairymen of Ontario—Attends Three Conventions

One of the branches of governmental activity in which the Alberta department of agriculture leads the Dominion will be brought into prominence by C. Marker, provincial dairy superintendent, at a conference of dairy superintendents in the fall to be held this year in Ottawa under the auspices of J. A. Ruddle, dairy superintendent for the Dominion government. Mr. Marker will give a paper on the butter grading system which has been introduced at the central selling agency in Calgary, where butter coming into cold storage is graded by officials of the department of agriculture.

At the present time 21 creameries of the province are taking advantage of the grading system, and its establishment

ment has effected a marked improvement in the quality of the Alberta product. The butter is graded as first, second, and third, and there is a difference of two cents in the price. To the butter maker this difference means a great deal, and it is to be hoped that the product does or does not come up to the higher standard. Any creamery may take advantage of the government agency.

The conference in the east was called by Mr. Ruddle for the benefit of provincial superintendents of dairying throughout the Dominion.

Mr. Marker will attend while in the east the annual convention of the Western Dairymen's association of Ontario and the Eastern Dairymen's association

Kemmis Urges Vigorous Development Policy

But Objects to Expenditure of Money Necessary for This Purpose—Debate on Address Will Be Continued by J. K. Cornwall This Afternoon

Views of the old timer upon railroad development and other matters were presented in the legislature yesterday afternoon in the debate on the address by John Kemmis, member for Pincher Creek, who delivered his maiden speech. Kemmis declared that the old timers of his constituency were weary of railroad projects—they wanted railroads, and they wanted them at once. He had little to say by way of criticism of the government's policy. His main objection to the Sifton policy was that the premier had not guaranteed to build the railways immediately, that he had given no assurance that he would not remain paper railroads for years. Somewhat inconsistently the speaker

vent on to denounce the government for proposing to add to the indebtedness of the province in the furtherance of railroad development.

Kemmis made a good impression on the house. In contrast to other members of his party he avoided personalities and confined himself to a discussion of the needs of the province and of his district, and his appeal for the development of Alberta's waterpowers formed a valuable contribution to the debate. J. K. Cornwall, member for Peace River, moved the adjournment for after 5 o'clock and will be the first speaker this afternoon. This evening, it is anticipated, the house will come to a division.

John Kemmis.

As an old timer who came from one of the oldest settled districts in Alberta, and who had seen the people of his constituency grow from childhood to manhood, Kemmis declared, opening his speech, that "railways, railways, railways," had been the cry raised from time immemorial. Yet none of the promises made for political purposes, had ever been fulfilled. His own success at the polls was in the nature of a protest against the neglect of his constituency in the matter of development. He criticised the government's trunk road policy, alleging that the premier had consulted the people of the province "as to the country through which the road should pass."

Shadow of Direct Taxation.

"Behind the speech from the throne all I can see is a shadow," said Kemmis. "It is the shadow of direct taxation."

"The modern Czar and autocrat despises to consult his following. He comes down to the house with a policy and commands them to accept it. Why has he not stated by what company these railways are to be constructed?"

Proceeding, Kemmis complained of frequent violations of the law by the C. N. R. and expressed surprise that the premier had not himself taken steps to ensure the enforcement and put an end to the injustices under which the farmer suffered.

Sifton had not propounded a policy of immediate extensions. He had said that the lines might take years to build. Vague schemes such as these had been made before. The roads were planned but never constructed.

"The prime minister should get out the railroads. He should not tie himself up to one road. Railroad competition should be encouraged."

Kemmis protested against the suggestion that Conservatives in the southern elections had carried on a campaign of insinuation. The member for Camrose had confused himself almost entirely by creating such an impression in the house. Kemmis avowed that he had carried on a clean campaign and appealed to the provincial secretary for confirmation of this statement.

Discussing the resources question Kemmis declared that the Dominion government would not be justified in turning the domain over to a government which had not shown itself worthy of trust. The premier he likened to a renegade man who had cut out his renitance, and tried to raise money by way of loans, mortgaging his future in the expectation of what was to come.

Kemmis went on to appeal for a policy of waterpower development. In Pincher Creek white coal existed in superabundance. By harnessing the streams to the uses of civilization, life on the farm might be made as comfortable and pleasant as in the town and city.

Cleveland, O., paperhangers are discussing the proposition of declaring war on the piecework system.

(Western Associated Press.)

Liverpool, Dec. 8.—The Cunard liner Mauretania, which went aground near Dingle, during the storm last night was floated this morning.

BABY SHOW IN CHICAGO.

Chicago, Dec. 8.—The Illinois Equal Suffrage Association opened a "three days' fair at the Hotel La Salle today just to refute the time-honored assertion that the woman suffragist does not make a good wife and mother. To prove they can raise children there is a large gallery of photographs showing suffragists with large families, and to show their prowess as cooks the advocates of woman's right to the ballot may be seen roasting turkeys, mixing salads and baking pies and cakes. As a result of man's curiosity to see the sights of the fair the association expects to raise \$20,000 to aid the suffrage cause.

SETTLE TERMINAL PROBLEM.

At some date during the present month the executives of the Grand Trunk Pacific and the Canadian Northern will meet at either Toronto or Montreal to consider terminals at Edmonton and Winnipeg. At this conference it will be decided regarding the proposed union station contemplated by the two transcontinental lines. This information was given by Solicitor D'Arcy Taft of the Grand Trunk, who was in Edmonton on business Saturday.

OREGON DAIRYMEN IN SESSION.

(Special to The Capital.)
Portland, Ore., Dec. 8.—Questions of vital importance to dairymen and those engaged in handling the products of the dairy farm are to be dealt with at the twentieth annual convention of the Oregon Dairymen's Association, which met in this city today for a two days' session. In connection with the meeting there was opened this morning an elaborate exhibition of dairy products and dairy machinery.

LETHBRIDGE POPULATION 10,000

(Western Associated Press.)
Lethbridge, Dec. 8.—According to the sworn official statement of Chief population of 10,096. The census has been taken by Police Officer J. A. G. Jones, a just been completed and the results are 10,041 in excess of the Dominion census taken in June.

"Hypnotic" of Charles Kinsley is to be read in stage form by Louis Napoleon Parker, author of "Disraeli" and "Pampered Wink" for an early production.

GRAND TRUNK PACIFIC

The Abolition Court in Melbourne, Australia, has announced its decision in the dispute between the seamen and the steamship companies.

The award grants the seamen a eight-hour day, and gives the wages of alcoholism seamen at \$104 month. This is a considerable increase for the ship owners, an increased expense of \$200,000 a year and, to compensate themselves, they intend to raise the freight rates, and passenger fares.

ASSASSIN FREED FROM LONG TERM

Escape of Murderer of Galician Governor Causing Quite a Sensation

Vienna, Dec.—The greatest excitement has been caused by the flight of the murderer of the Governor of Galicia, Count Andrzej Potocki, from the prison in Stanislaw. Count Potocki was assassinated in April 1908, by a Ruthenian student named Sierozia Siczinski, during an audience. It was a political murder. Siczinski declared that he had murdered the Governor because the latter, who was of Polish birth, tyrannized over the Ruthenians. The murderer was sentenced to death, but was pardoned, condemned to twenty years' imprisonment, and was serving his sentence in the prison at Stanislaw.

The other morning the murderer's cell was found to be empty. The door and windows were intact, so there is doubt that Siczinski escaped by the connivance of the warden who was on night duty. The latter has been placed under arrest. Two warden have disappeared, and it is believed that they escaped with Siczinski. His helpers must have obtained civilian clothes for him, as otherwise it would have been impossible for him to pass the numerous courtyards of the prison. It is reported that this sensation escape was planned long beforehand, and that a sum of 100,000 kronen was collected among the Ruthenian people for the purpose of freeing the murderer. No trace of the escaped murderer has been found.

GETS AWAY WITH VALUABLE JEWELRY

Thief Lifts \$10,000 Worth of Loot from Store in Daylight

London, Dec. 8.—A robbery of a most mysterious nature has taken place from the jewelry department of Harrod's store, of Bond Street, S.W. During business hours a thief, without being detected or even arousing suspicion, slipped into the store, and emerged peacefully, valued at \$15,000, which was on display in a locked case. The pendant contained two stones, an emerald and a very large diamond. In the heart of the pendant, with other especially valuable articles, was kept in the strong room. On being received each night it was secured for by a responsible official, and satisfactorily when it was taken out in the morning. It was stolen for by one of the clerks of the jewelry department. This course was taken on Tuesday morning, and the pendant was placed in a white velvet bag in one of the jewelry windows in Harrod's store, but few goods, all of a costly character, were shown in the window, the bag of which was secured by a plate glass locked front. It was shortly before five o'clock, about the busiest time of the day, when one of the assistants noticed that the pendant had disappeared from its window. He hurriedly reported the matter, and it was soon ascertained that it was not in the window. The pendant had been removed by an authorized person.

ENQUIRING INTO "HIGH FOOD COSTS"

Italian Minister of Agriculture Going Deeply Into the Subject

Milano, Dec. 8.—Professor Francesco Sforza, Italian Minister of Agriculture, who is also a writer of universal renown on economic questions has ordered into the causes of the continued rise of price of food stuffs. The dearth of food has now become such as to create a public peril, says the Minister in a circular addressed to the Italian Director-General of the Statistical department of the State.

Whereas the true causes are still very imperfectly studied and understood, Sforza, Minister is convinced that sooner or later action will be constrained to conduct on its own private and systematic investigation. He calls upon Italy to lend the way by an exhaustive collection of data relative to the home movement in wholesale and retail prices, the fluctuations on the exchange, and the recent history of wages. Italy, the minister expects, will reap enormous economic advantages from the inquiry.

WOMEN FIGHTING FOR PRIVILEGES

MAY RUN FOR GOVERNOR OF CALIFORNIA IF BILL SHOULD BECOME LAW

(Western Associated Press.)

Sacramento, Cal., Dec. 8.—Senator-elect, the Governor of California, may soon become a familiar title if a bill which would throw the power of the legislature today by unanimous votes links its way to the statute books.

The measure would throw down every restriction imposed by existing laws and open every elective office of the state to its female citizens as well as the men.

The present laws permit women to hold office in Educational branches of state government, but bars them entirely from other departments.

WINTER CONTEST TAME.

(Western Associated Press.)

Winnipeg, Dec. 8.—Tonight sees the close of the latest and most interesting contest this city has witnessed for many years. Unlike the 1910 contest when the rangers were called upon to subdue a band of desperadoes and import this year's campaign is remarkable for its lack of hard and fast lines. During the past few days, when other years excitement would have been at fever heat, there has been a noticeable lack of general interest.

EXPERIMENTAL COLONY FOR THE TREATMENT OF INSANE

Danish Government Establishes Institution in Beautiful Natural Surroundings Under Direction of Psychological Expert—Island of a Thousand Acres Acquired for Settlement

Copenhagen, Dec. 8.—Considerable interest attaches to the experiment now being conducted in the treatment of the mentally afflicted which is being carried out by the Danish government, under the supervision of Professor Kellers, the well known psychological expert. About eighteen months ago the government acquired the island of Lyboe, which is situated in Lanthorn, and is about a thousand acres in extent, of which about a hundred acres are well wooded, the rest tree predominating.

Fresh Air Cure.
Professor Kellers has for some time been a persistent advocate of the outdoor treatment of lunacy. His chief contention is that the fresh air tones up the nervous system, while the varied natural objects are calculated to arrest the attention of the patients and dissipate the more distressing symptoms of monomania or delirium. The authorities, however, preferred to effect a compromise, relegating to the less serious cases the treatment in the open air, and reserving the Lyboe for the more serious cases. A peculiarity of the Lyboe is that under the comprehensive classification adopted by the authorities of men of the more degenerate class, but in regard to crime, they are regarded as mentally unfit, and are removed to Lyboe for treatment. The method of "cure" of course, is somewhat different. The patients are not to be disturbed by the noise of the world, but are to be placed in a quiet room, and are to be treated by the Lyboe. The method of "cure" of course, is somewhat different. The patients are not to be disturbed by the noise of the world, but are to be placed in a quiet room, and are to be treated by the Lyboe.

BRITAIN'S TRADE STILL GROWS.
(Western Associated Press.)
London, Dec. 8.—The November statement of the board of trade shows increase of \$6,715,000 in imports and \$20,110,000 in exports. The imports of goods increased \$20,000,000 but cotton from America decreased \$12,000,000. The principal increase in exports was in iron and steel goods, including \$6,250,000 worth of cotton fabrics.

Next 100 Prizes—Pair Pat. Tension Shears \$1.00 each

Next 20 Prizes—Ten Week's Subscription to The Daily Capital.

Last Prize awarded to the person whose name is on the last correct coupon to be taken from the ballot churn \$25.00 Gold

"We guarantee the Masters Piano Style A to be equal to any piano manufactured in Canada, regardless of price."
H. W. MASTERS.

RULES

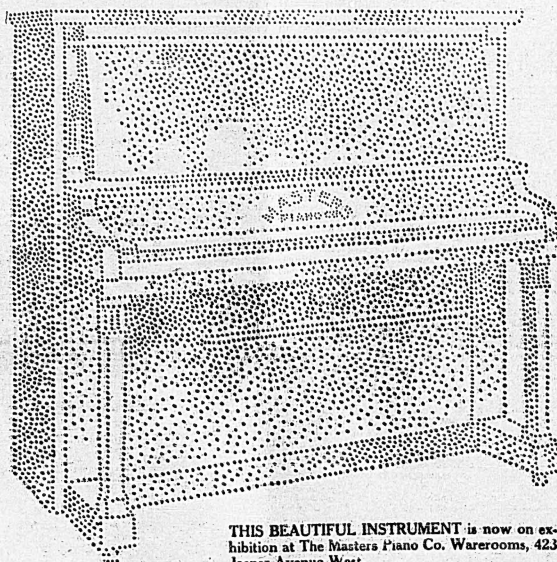

No competitor will be awarded more than one prize.

One count allowed for every dollar sent in on new subscriptions and to old subscribers paying three months in advance.

Every member of the family may count and have the money paid applied on one subscription.

The Daily Capital

Are giving valuable prizes to 435 people in Alberta in exchange for an hour and a half of their time. Get in line; count the dots and become one of the 435 lucky persons. Read the rules; fill in the Coupon and send or mail it to THE DAILY CAPITAL Contest Department.

THIS BEAUTIFUL INSTRUMENT is now on exhibition at The Masters Piano Co. Warerooms, 423 Jasper Avenue West.

The plate containing the dots was made by the Byron-May Engraving Co. of this city. No employee of the Byron-May Co. or THE DAILY CAPITAL knows this answer. The Artist is the only one who knows the answer and he has placed the number in a sealed envelope in a box in the Royal Bank of Canada. All counts will be placed in a sealed box not to be opened until 10 p.m. December 21st. There will be no appeal from the Artist's Count. It is exact and will be final. Special Mechanical Arrangements have been used to produce cut from plate, thus obviating any possible chance of a blurred print.

Send Coupons in Early and Often

Special \$25 Prize

for the one turning in the most Bona Fide subscribers' tickets. Get your friends' subscriptions and counts. Present them to the contest manager and receive a "Bona Fide" ticket for each one. At the end of the contest the one presenting the most tickets receives the prize.

NOTICE

The first correct coupon drawn from the box on Dec. 21st receives first prize. The second correct coupon drawn wins second prize, and so on until the entire 435 prizes have been awarded.

BUT if there are not 435 people in Alberta can count correctly, prizes will be awarded to the one coming nearest to the correct number. Send in every count and be sure of a prize.

THE DRAWING

Will take place under the direct supervision of a committee composed of some of the most prominent business men in Edmonton.

News From the Theatres

"THE RIGHT OF WAY."

Book lovers are unanimous in their praise and approval of Sir Gilbert Parker's masterpiece, "The Right of Way." This story is no longer new, but it was awarded first place as one of the six "best sellers" a short time ago. The book has been dramatized by Eugene Presbury and has scored one of the sensational hits of the decade. All who have read it will be pleased to have the opportunity of seeing the characters in real life, as they will be presented by Mr. Sanford Dodge and his talented company. They miss "The Right of Way" even if you do not go to another play for a year. Prices to suit all.

"The Right of Way" opens at three nights' engagement at the Empire Theatre next Monday.

LYCEUM THEATRE.

Mr. Harry Bernard and his Musical Merry-makers, will put on that screaming farce entitled, "The Grafters." This bill was written for laughing purposes only and to say that it fulfills its mission is putting it mildly. Mr. Bernard is acknowledged by all to be a master in the interpretation of the Irish character, but in this bill he surpasses himself as an excellent interpreter of the part. Pretty little Miss Jerrard runs Mr. Bernard a hard race for the laugh in the bill.

An added attraction will be the success of the "Grafters" contest, when each and every one of the little ladies in the audience will do a vaudeville act, the first two adjudged by the audience as the best will be the recipients of valuable cash prizes.

"THE MUSIC MASTER."

Every play-goer has heard of the marvelous success that has attended the play "The Music Master." Few who live in Edmonton have had an opportunity to see the great World-famous, Geo. H. Summers will present it at the Empire Theatre Wednesday and Thursday evenings, with special stage settings, costumes and effects. There has always been widespread interest in Geo. H. Summers when in plays German dialect parts as was evidenced in his presentation of "The Van Winkle," and also "The New Dominion." His work in "The Music Master" is considered the best he has ever given his patrons.

EVENT EXTRAORDINARY.

Mr. Sanford Dodge will soon appear at the Empire Theatre in a splendid new scenic production of "The Right of Way." This wonderful play has

Sir Gilbert Parker's Great Story, dramatized by Eugene Presbury
SPECIAL SCENERY AND WONDERFUL ELECTRICAL EFFECT
CROWDED HOUSES EVERYWHERE. A GUARANTEED ATTRACTION

COMMERCIAL FEDERATION is the exact opposite to MONOPOLY. It means an ideal democracy in business, and can be better understood by single illustration than by an abstract statement of the proposition.

Let us assume that the asphalt deposits in Northern Alberta would require for their adequate development into a great commercial enterprise the sum of ten million dollars for capital purposes.

Let us assume for the second proposition that this asphalt business when properly organized, financed and developed would pay an annual dividend on its total capital stock of 25 per cent.

Let the third assumption be that this great enterprise when properly organized and financed would give employment at the mines, factories, sales offices and in construction work to five thousand men at good wages.

Then, for the fifth assumption, let it be said that the result of this vast undertaking would be the finest system of roadways and streets in Northern Alberta, and the adjacent provinces to be found anywhere in all the world.

What a magnificent proposition all this would present to an American monopoly. Handled from the trust standpoint, it would mean that a comparatively few men, perhaps not more than half a dozen, would through the use of banks and trust companies, and a great bond issue, which would be absorbed by the common people, "finance" this great enterprise solely for their own personal profit and benefit. And every channel of the business would be directed toward their own private gain.

All this is exactly what the steel trust, or the beef trust, or any other of the great American trusts mean. And the significant part of it all is that the money comes, not from a small group of men, but from the common people, through the banks and trust companies.

COMMERCIAL FEDERATION means that the capital for this enterprise would be subscribed in comparatively small amounts by, perhaps, five thousand individuals, who would each realize a proportionate profit on this investment.

THE EDMONTON IDEA

Article No. 5—Commercial Federation

There would be no bond indebtedness, or any other sort of indebtedness that would involve the safety or success of the enterprise. The Company would be organized on the most scientific principles known to modern manufacturing and commerce. Perfect system and organization would be maintained throughout, from the executive head of the institution to the common laborer. The highest standard of efficiency would be maintained. A definite basis of profits would be determined upon, and then the product sold to the public at the lowest price commensurate with the manufactured cost and a reasonable profit. The entire enterprise would be conducted on the high plan of national development, which can all be stated in three propositions.

The Federation of the cash surplus of thousands of individuals into capital adequate for the needs of the new institution. Second, perfect organization and scientific efficiency throughout, with the corresponding benefits to the workman in the appeal to his best instincts. Third, the development of a nation in the production and distribution of a commodity, absolutely essential to national development.

There is no place for the trust magnate in this enterprise, nor for selfish, narrow or inefficient methods. This is a gigantic undertaking, which transforms a vast mineral deposit, which for centuries has laid waiting in the North country, into wealth, at the rate of millions of dollars annually. It means the giving of profitable employment to thousands of workmen. And finally, it means a great step forward in the making of a nation. This is an example of COMMERCIAL FEDERATION.

As has been stated in previous articles, space forbids didactic or discursive discussion of these subjects. And we have taken this illustration, merely because it is a good example of what COMMERCIAL FEDERATION means, and because it is an enterprise which will soon call for development.

In the Article No. 6 tomorrow will be discussed "The Use of Capital for Development."

ALLAN HAYNES LIMITED

Street Railway Would Have Had a Surplus With Five-Cent Fares

Also, Reduction in Power House Charges Would Have Prevented Department from having a Deficit—May Eliminate Children's Tickets

Dramatized from Sir Gilbert Parker's powerful novel by Eugene W. Presbury, one of the foremost American playwrights, "The Right of Way" was an instantaneous success from its initial production in New York City to the present time, and it appears to become more popular with the advance of time, owing to the fact that more people are becoming acquainted with the story through the reading of the book. It is a tale of the future, of a "New Era" and other works of the same nature. If you have not read the story now is your time to do so; if you have you will do well to read it again before seeing the play, but whether you have read it or not, you will be intensely interested in the drama itself as it will be presented by Mr. Sanford Dodge and his excellent company at the Empire Theatre December 11, 12, 13 and Wednesday Matinee.

RECOGNITION FROM THE POPE
AGED NUN BEN-NICORN SINCE 1081
HAD GIFT OF PROPHECY

(Special to The Capital.)

Milan, Dec. 8.—Pope Pius X. has addressed an autograph in the form of a letter to an aged Swiss nun named Rega, who during half a century of monastic life in the Convent of Biterio, has gained extraordinary reputation as a clairvoyant.

Sister Rega, who is no 75 years of age, is by her own desire celebrating the golden jubilee of a day and night of spiritual work, which since 1861 has kept her, perpetually in bed in such a state that she is unable to move her head. The gift of prophecy and second sight with which she is credited has long brought a continuous stream of pilgrims, cardinals, and nobles to visit her in her convent cell, where by the special dispensation of the Pope, mass is allowed to be celebrated.

Not only does she reveal her visions matters affecting local personal interests, but she is to have predicted to Pius X. many things concerning the events of his Pontificate. Two of her most amazing feats have been a vivid story of the assassination of President Garfield, and more recently of King Humbert at Monza, while these blood-curdling tragedies were actually taking place.

The Pope has chosen Cardinal Gasparri as the bearer of the autograph letter alluded to, in which he promises her for her wonderful Christian resignation, and laudable life of asceticism, a pilgrimage to her abode. It delegates the Cardinal Legate to create the mass in her cell as he stood.

C. P. R. OFFICIAL AT CALGARY.

Calgary, Dec. 8.—Gen. J. Burg, vice-president and general manager of the C. P. R. system arrived in the city today on No. 4, from the Pacific coast. "I am just on a flying trip from the coast back east," he said. Speaking of the negotiations between the company and the city, Mr. Burg said that the C. P. R. was very anxious that the street car lines be signed immediately. "The matter now rests in the hands of the city," he added.

It is announced upon reliable authority that Governor Elliott is contemplating a revival of Mrs. Burdett's "The Down of a Tomorrow."

"What the street railway department charged a straight five-cent fare during the past fiscal year, and had the traffic been unaffected thereby, a surplus of \$12,900 or \$13,000 would have been realized instead of a deficit of some \$35,000 suffered. The difference would have amounted to approximately \$18,000. These facts, coupled with the distressing increase of deficit, are responsible for the present impasse of making more regulations regarding street car fares. C. J. Audley, chief clerk of the street railway department, today announced in his annual financial statement to the city that no other department. True, the waterworks department failed to show an anticipated surplus, but this was caused directly from excessive power charges, a situation that can be remedied. It is a foregone conclusion, that the street railway department, save getting more revenue, more revenue must be derived, or the same results secured at less cost. The auditor touched upon this question in his annual report just issued by the council. He likewise calls attention to the bad bills standing upon the books of the department. Roughly speaking there is approximately \$2,000 outstanding which must either be collected or written off the books. It is unnecessary, even if such a course could be pursued, to write these obligations from the books. The city charter provides that these water rates may be charged up against the property. Hence all necessary to collect these moneys is to collect it together with the taxes. This question is one for the new commissioners.

STREET SINGLE FARE.
Gossip in municipal circles suggests the charging of a straight five-cent fare. This would not eliminate the furnishing of tickets for extraordinary loads, even as a convenience at this time, even as well as a means of economy. It is suggested likewise, that the yellow tickets or workmen's tickets be continued as at present, and the red tickets eliminated. The scheme advanced is to make a reduction on possibly a dollar's worth of fare, and issue them in the form of a free ticket. The red tickets constitute the bulk of the fare. The yellow tickets are only a very small item, representing merely something like 10 per cent. of the total total of sales.

Along this line it is suggested that school children's tickets be eliminated. The argument in this respect is that the children do not pay the fares, anyway, the burden being upon the parents. In regard to the school children it is particularly suggested that no reduction be made. It was only a few weeks ago that the city commissioners decided to give the reduction to high school students and college students. The argument in this respect is that the children do not pay the fares, anyway, the burden being upon the parents. In regard to the school children it is particularly suggested that no reduction be made. It was only a few weeks ago that the city commissioners decided to give the reduction to high school students and college students. The argument in this respect is that the children do not pay the fares, anyway, the burden being upon the parents.

BRITAIN INTERVENES.
(Western Associated Press.)
London, Dec. 8.—The British government has blocked any intention that Russia may have had of restoring its power the ex-Shah of Persia, Mohammed Ali Mirza, by informing the cabinet of the Duke of Connaught is a passenger. The Princess will proceed to Ottawa by the regular train.

NEW COMMISSIONERS DECIDE.
Whether new regulations will be made in regard to street car fares will probably not be decided upon until the new city commissioners assume office. Some causes for the deficit in the street railway department, high cost of maintaining the roadbed, high cost of power, and the high percentage of mileage as compared to population adjustment. The high cost of maintenance is due to the character of the soil which bleeds this part of Alberta from an agricultural viewpoint but handicaps it in street railway operation. To

Twenty-five cents are working as domestic servants to pay their way through a four-year course at the University of Missouri, at Kansas City. One farmer's daughter goes out and does washing, and fourteen amuse children under their parents' roof. Labor in Turkey is growing dear owing to emigration and to rising costs of habits to work. Upon the country roads (which the Turkish government built, upon railroads and in factories, carpenters and hewers, who only two years ago received only to eighty cents a day, now get \$1 to \$1.25, or more.)

G. T. P. BUILD ELEVATOR.

(Western Associated Press.)
Montreal, Dec. 8.—The Grand Trunk Pacific Railway have awarded a contract to John S. Melosh and company, of Montreal, to build a 1,000,000 bushel concrete storage elevator at their island terminal, William, Ontario.

F. W. BROWN
404 NAMAYO AVENUE

SIXTY THOUSAND IS TOLL OF WAR

TURKS HAVE LOST MORE HEAVILY
THAN ITALIANS, ACCORDING
TO ESTIMATE

(Ritche Civil Service.)

Malta, Dec. 8.—A curious estimation has been made here. It is thought to be roughly correct, and may be found instructive and interesting. Italy is believed to have sent considerably over 80,000 soldiers to Tripoli. There are 1,600 in Tripoli town, and 20,000 in the trenches around about 24,000 at Benghazi, about 21,000 at Derina, and about 10,000 at Tobruk, or about 65,000 all together in these various places. The difference between 80,000 and 65,000, or 15,000, represents the wastage of war in the Italian dead, wounded and sick. But, according to Italian official, semi-official, and unofficial statements, three times as many Moslems have been killed and maimed as Italians, say, therefore, 45,000.

The cost of the expedition for the Italian fleet and army at 300 million francs is reckoned to be nearly \$150,000,000. The expenses of the war for the Moslems must approximate to the expenses for Italians. Damage to buildings and land must represent Tripoli the loss of a good many millions and to the disposition of business and cessation of labor are enormous. Very heavy but incalculable negative sum. The cost of the war, added together for the two contending parties, are reckoned at \$375,000,000, and the situation of the opposing armies is a statement. The Italians are brave; they can be generous. Turkey fights heroically for what has long been unquestionably hers, and it is considered here that the limit for an honorable compromise has surely arrived.

KENNEL CLUB OFFICERS

Officers for the coming year were elected at a meeting of the Kennel Club held in the exhibition board room, last evening, and various matters of interest to the organization brought under discussion.

The managing committee will wait on the city commissioners to urge upon them the retention of the dog license at the present figure for members of the club. The fee is now \$5 for license and \$2.50 for dogs. It is proposed in the amended by-law to raise the fee to \$10 and \$5. Members of the club will also seek to obtain the same privileges as are now accorded to members of the Canadian Kennel club—the right to take out a group license at a reduced figure for a number of dogs.

The selection of officers resulted as follows: President, Chas. May; first vice-president, H. Nash; second vice-president, Major G. H. Phillips; secretary, W. M. Moore; treasurer, W. M. Moore; committee, H. Worsley, J. P. Poirer, H. Perry, H. Richards, G. D. Mackenzie.

FORCED SALE OF KEELY HOME.
Edmonton, Dec. 8.—One hundred and thirty-three shares of the Keely M. Co., the property of J. B. Phillips, was today put up for auction by Sheriff Maxwell under the direction of the Farmers' Bank.

INFANTA OF SPAIN AND KING QUARREL

FORMER SHAKES DUST OF COUNTRY
FROM HER FEET AND DEPARTS
FOR PARIS.

Paris, Dec. 8.—A local paper prints the details of a serious dispute between King Alfonso of Spain and his aunt, the Infanta Eulalia. The latter, who resides in Paris, yesterday received the following telegram from King Alfonso: "I am astonished to learn from the newspapers that you have published a book under the name of Countess Avila, which I suppose this will cause a great scandal. I order you to suspend publication, until I have taken cognizance of the contents, and given my permission to publish."

To this telegram the Infanta replied as follows: "I am greatly astonished that my book should be adjudged without being read. It is a thing that could only happen in Spain. Never having a liking for court life, I take this opportunity to send you my adieu. Far, after this proceeding, which is worthy of the Inquisition, I consider myself free to act as I deem fit."

The princess has given orders for the sale of all her estates in Spain. "I shall live in Paris, and shall be much happier in so doing," the princess stated.

WIKES OUT DOUBLE EXPRESS RATE

(Western Associated Press.)
Toronto, Ont., Dec. 8.—Toronto businessmen are much pleased with the railway board's ruling, which goes into effect with the new year, reducing by 20 to 25 per cent. express rates on business in whose carriage two express companies are concerned.

THEIR MAJESTIES ENTER DELHI.

Delhi, India, Dec. 8.—King George and Queen Mary today made their state entry into Delhi to begin the round of ceremonies which will culminate next Tuesday in the great Imperial Durbar. Their Majesties were accorded an enthusiastic reception by the immense crowds gathered about the gates to the city. Victory Harding and the governor and heads of provinces welcomed the King and Queen, while a notable gathering of native princes and their escorts awaited the Imperial visitors inside the fort walls. The city just people also were decked in the gayest holiday attire.

The official reception today marked the beginning of a ten days' programme of elaborate ceremonies. In addition to the Imperial itself the events will include the laying of the foundation stone of the King Edward Memorial, the attendance of the King and Queen at dinner and the great procession to the city with all the regalia, a grand review of British and native troops, and a race meeting and military tournament. The programme will conclude with a state progress through the city of Delhi, at which more than half of all the decorated elephants in India are expected to be in use.

James English and Edward Fraser were committed for trial by Magistrate Cowan this morning on a charge of stealing 15 quarts of whisky from a G. N. R. freight car.

Later in the session the Shuberts will present Louise La Verne in her own dramatization of "Ann Hoyt."

STRATHGONA UNION WILL BE RETAINED

UNITED FARMERS OF ALBERTA
HELD MEETING AND ELECT OFFICERS FOR YEAR

Strathcona, Dec. 8.—By an unanimous vote yesterday, the members of the local U. F. A. organization decided that Strathcona, Union No. 1, in the province, should be kept intact. Owing to apparent lack of interest in the local during this year, its disbandment was seriously suggested by some who thought it might prove advisable to organize several locals extending to this city by its stand. As the first organization of its kind in the province, the members yesterday showed their loyalty to the cause and expressed their willingness to inject new life into the work during 1912. Mr. H. Sheppard, president of the local, was elected to the district as subsidiary to this one, which creates in the city. The idea found favor with the meeting.

New officers for the local union, as chosen at yesterday's meeting for 1912 are: President, H. A. Calder; vice-president, Mr. Fulton; secretary-treasurer, H. Sheppard; directors, Messrs. Herbert, Housley, Britz, Walker, Hinson and Scott. The retiring president, Geo. Hall, who is identified with the new union at Selkirk, was given a hearty vote of thanks for his work of the past two years.

SUGAR PRICES TAKE A TUMBLE

REDUCTION OF TEN CENTS PER
HUNDRED REGISTERED IN TORONTO AND NEW YORK.

(Western Associated Press.)
Toronto, Ont., Dec. 8.—Sugar prices took a tumble here yesterday of ten cents per 100 pounds, after a series of drops in the American markets. Yesterday's cut in prices was followed today by another drop of ten cents in New York.

Declines are expected to come with more frequency during the next few weeks. The market conditions being more a matter of manipulation than of shortage of best material.

SHUSTER MUST GO DECLARES RUSSIA

(Western Associated Press.)
London, Dec. 8.—A Telergraph dispatch the cabinet with a negative reply to a statement of the relations of the British government to the Russian revolution. The British government has declared that it will not recognize the Russian revolution. The British government has declared that it will not recognize the Russian revolution.

The dismissal of Mr. Shuster is a necessary preliminary to any settlement. In a statement issued today, Mr. Shuster said that when he took over the affairs of the Russian treasury last June he found himself faced with a situation of \$200,000 and not one penny in cash.

What Shall I Get Him For Xmas?

EDUCATION CHIEF AIM OF THE U.F.A.

ANNUAL MEETING OF STRATHGONA
LOCAL—WHAT THE ASSOCIATION
HAS ACCOMPLISHED.

Strathcona, Dec. 8.—Speaking to the annual meeting of Strathcona local No. 1, secretary E. J. Pease of the U. F. A. yesterday afternoon declared the aims of the organization to be primarily for the advancement of education and co-operation amongst its members, according to the new resolutions to the charter. "That we as an association of 50,000 farmers we would be in a position to make our influence felt in the world of trade and commerce and would also be able to make demands upon the government, such as are now being made by organized capital and labor, a have accomplished a great deal in the past and we will do to a great deal more within the next year. Terminal elevators have already been secured under public control at the Great Lakes and before 1912 is gone we hope to have storage facilities amounting to \$200,000 and not one penny in cash."

Mr. Pease spoke optimistically of the work throughout the province. Over 12,000 members are now enrolled and the work is expanding rapidly. In conclusion, the speaker declared policy which is to be approved by the annual convention at Red Deer next month. He said that the resolution was adopted so that it will simply introduce the subject of the U. F. A. conference next month.

Government Aid Censured.
At yesterday's meeting secretary H. Sheppard introduced a resolution which aimed at doing away with the annual grant from the provincial government and placing the same in the hands of the association. Mr. Herbert thought this move a good one if the finances of the association could stand the withdrawal of this annuity. "Even some of the government officials are beginning to feel that this organization is under obligations to them because of this grant," said the former president of the association. In the end however the resolution was amended so that it will simply introduce the subject of the U. F. A. conference next month.

It is likely that the Scotch comedy "Bunny Pools the Stripes," will run through the season in New York.

ANOTHER CIGAR FACTORY TO OPEN

CHANGE IN MANAGEMENT OF
S'CONA CONCERN BRINGS CITY
ANOTHER INSTITUTION.

Strathcona, Dec. 8.—Within three weeks two more cigar factories will be in operation on Main street south. By a change in the management of the Strathcona Cigar company, this week, the aims of the organization to be primarily for the advancement of education and co-operation amongst its members, according to the new resolutions to the charter. "That we as an association of 50,000 farmers we would be in a position to make our influence felt in the world of trade and commerce and would also be able to make demands upon the government, such as are now being made by organized capital and labor, a have accomplished a great deal in the past and we will do to a great deal more within the next year. Terminal elevators have already been secured under public control at the Great Lakes and before 1912 is gone we hope to have storage facilities amounting to \$200,000 and not one penny in cash."

Mr. Pease spoke optimistically of the work throughout the province. Over 12,000 members are now enrolled and the work is expanding rapidly. In conclusion, the speaker declared policy which is to be approved by the annual convention at Red Deer next month. He said that the resolution was adopted so that it will simply introduce the subject of the U. F. A. conference next month.

BREAKDOWNS ARE TO BE REPORTED

DEPARTMENT SUPERINTENDENTS MUST INFORM CITY COMMISSIONERS OF ALL SERIOUS MISHAPS

When any department superintendent has a serious mishap to, or breakdown of any machinery in his department, the city commissioners wish to know of it. For instance when one of the Robb electrical machines at the power house goes out of commission, the turbine pump quits, or the big engine gets out of joint, or the motor generator set at the car barns gets short circuited or goes out of commission for any other cause, a water main burst causing a section of the city to be without water, or a telephone conduit becomes soaked and puts various instruments to buzzing constantly, if electric light lines get down or become entangled and a portion of the public is left in the dark, why, the city commissioners want to know. They do not want to know it a week after it happens, but immediately. And heads of departments are to be so informed. A motion to that effect was passed by the commissioners this morning.

During the present week the motor generator set at the car barns has been out of commission. And there was a shortage of direct current with this machine operating. The direct current was cut down by the little Robb engine going out of commission some weeks ago and when this motor generator set quits the power is exceedingly short.

THOUSAND ENTRIES IN POULTRY SHOW

Entries Have Closed and Everything is Very Favorable for the Big Event.

(Western Associated Press.) Calgary, Dec. 8.—A meeting of the Calgary Poultry association was held Tuesday evening to complete arrangements for the big winter show, which opens on Tuesday next.

The entries closed last night, and the secretary stated that the entries were the highest ever received, and a record for Western Canada.

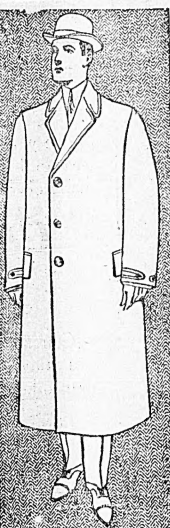

Last year over nine hundred entries were received, and this year it is expected that total will be increased by over a hundred.

Mayor Mitchell will open the show at 2.30, December 12.

The American Standard of Perfection will be the guide for the judging, the judges being Dr. Bell, of Winnipeg, and E. N. Parker, of Cardston, the same officials as last year.

If the factories of Switzerland the predominant hours are nine and one-half to ten, and on Saturdays one hour less.

SEE WINDOWS FOR VALUES

TO DEBATE SHIP SUBSIDY.

(Special to The Capital.)

Lincoln, Neb., Dec. 8.—Much interest is manifested in student circles in the annual debates of the Central debating league, which are to take place tomorrow night.

The league comprises the University of Nebraska, University of Minnesota and University of Iowa. Each university will be represented in the contest by two teams, one to debate at home and the other abroad. The

question this year is, "Resolved, That the Federal Government should establish a policy of ship subsidies."

Out of every thousand of those whose occupation calls for constant work in dusty quarters, five died of consumption, according to German official figures, whereas among those who are not exposed to the action of dust, only two out of a thousand die of the disease named.

"HOLY GHOST" LEADER IS CHARGED WITH MURDER.

(Western Associated Press.)

Portland, Maine, Dec. 8.—An indictment containing six counts for the death of six of his followers on a cruise on the yacht "Coronet" was reported today by the grand jury of the United States district court against Frank W. Sandford, leader of the "Holy Ghost and U. S. society." The trial of Sandford's leader was begun immediately.

MORE TROUBLE FOR STANDARD OIL

Findlay, O., Dec. 7.—A \$100,000 damage suit brought by Attorney-General Phelps of the State of Ohio against the Standard Oil Company was called for trial in the common pleas court here today. Phelps alleges that by manipulation in the price of oil, then an independent operator, was defrauded out of \$100,000 by the Standard Oil Company.

COMMITTEE WILL HEAR F. D. GATES

WILL GIVE EVIDENCE ON ROCKEFELLER FREEZING OUT THE MERRITT BROTHERS

(Western Associated Press.) New York, Dec. 8.—A hearing for John D. Rockefeller and himself, the Rev. Frederick D. Gates, today announced that he would in due time reply to the invitation of Chairman Stanley to appear before the committee of the house of representatives which is investigating the U. S. Steel corporation.

He also made public a letter from C. W. Wetmore, to John D. Rockefeller dated November 23rd, 1905, after John Rockefeller had loaned to the Merritts all the money he ever furnished them.

The Merritts were largely interested in the Mesaba ore properties and in his testimony before the Stanley committee, Leonard Merritt charged Rockefeller with "calling" loans he had made to them as a result of which he alleged the Merritts lost their interest in the properties and the railroads built to develop them.

Mr. Rockefeller recently denied calling the loans and produced a paper signed by the Merritts exonerating him from all charges which they had brought against him, in litigation over the matter.

JOINT BOARD TO REGULATE RATES

REGINA BOARD OF TRADE FAVORS AN INTERNATIONAL COMMISSION—ASKS AID

(Western Associated Press.) Regina, Dec. 8.—The board of trade during the course of its meeting last evening passed the following resolution unanimously: "That the board of trade memorialize the Dominion government to appoint a joint commission, vested with the necessary powers, to regulate and control railroads, freight rates on international traffic and that the various boards of trade in the West be asked to co-operate with the Regina board to attain this object, and that a copy of this resolution be forwarded to the minister of railways at Ottawa and Mr. MacGill at St. Paul."

In discussing the resolution it was pointed out that press reports indicated that the government did not intend to follow the lead of the late government in the appointment of a joint railway commission dealing with international trade and freight rates.

TRADES COUNCIL WILL NOT QUIT

WILL CONDEMN ANY RESOLUTION LOOKING TOWARD WITHDRAWAL FROM FEDERATION

(Western Associated Press.) Winnipeg, Man., Dec. 8.—The Winnipeg Trades council last night passed a resolution denouncing any proposal to withdraw from international labor affiliations, notwithstanding any reports to the contrary on account of the outcome of the McNamara trial at Los Angeles. The council also passed a number of resolutions to be presented to the Manitoba legislature at its next session, incorporating amendments on various subjects.

Among them is one providing for an inquest for every case of sudden or violent death, and another dispensing with the property qualifications required of candidates for the legislature.

CELESTIAL GIVEN DEATH SENTENCE

PRINCE ALBERT CHINAMAN SENTENCED TO HANG—RESERVE CASE GRANTED

(Western Associated Press.) Prince Albert, Dec. 8.—At 5.42 last night Judge Brown sentenced Hoo Han to hang on March 26, for the murder of Mark Yuen.

C. E. Gregory, K.C., counsel for the condemned Chinaman has succeeded in getting a reserve case and will argue before the supreme court en banc at Regina on February 28.

Judge Brown entered a judgment of \$1,000 damages against the C.N.R. and in favor of Max Gordon, for injuries sustained by Gordon, is of Edinburgh, Sask., and was injured in a caboose on the C.N.R. line near Moffat last winter.

The reserve case went out with a gang to help dig out a stalled train and after finishing his work, he was invited into the caboose, soon after an engine struck it and Gordon was scalded, had his face badly cut and a wrist injured.

Fame and Fortune By Forged Brush

Artist Discovers His Paintings Sold to Austrian Had Gained Much Note When Signature Had Been Replaced by Name of the Collector

Paris, Dec. 8.—An extraordinary case of picture frauds has been discovered in Paris. A young Italian artist, one of the colony of foreign painters at Montmartre, called on the examining magistrate, M. Boucard, and asked him to accompany him to Neuilly in order to inspect a number of pictures on w. ch his signature had been replaced by that of another artist. M. Boucard consented, and together with the artist, Giulio Buca, he called at a quiet little house in the fashionable suburb of Neuilly, and after half an hour's inspection seized sixty canvases and carried them to the Palais de Justice. Before leaving he also placed a judicial seal on the door of the studio in which the pictures had been placed in order to prevent recurrence before making a second visit.

The personality of the owner of the house at Neuilly, known as a wealthy amateur, gave unusual interest to the incident, and the charges now made against him is the principal topic of conversation in Paris. Buca's story mixes a strange mixture of romance and subtle fraud. Year in, year out, like many of the ambitious youths inhabiting the studios of Montmartre, Buca sent a couple of paintings each spring to the Salon des Artistes Français. As regularly as they appeared they were rejected by the jury, until finally Buca joined the army of the "independents," which acknowledges no jury, and payment of his subscription secured the hanging of his canvases at this variegated exhibition.

Sales were few, however, until one day a young Austrian walked into his studio and said he would like to buy a few of his pictures. Buca was not inclined to dispute the price, and for \$15, \$20 and \$30 apiece the Austrian admirer was able to gather together a small collection. Next year his customer returned, and as well as making several purchases contracted with

Quittner left there to come to live. Nearly three of four years ago, M. Boucard is now attempting to find two young artists whom Quittner is said to have engaged.

TRAINING WILL BE VERY BROAD

NEW COLLEGE FOR WOMEN TEACHES EVERYTHING USEFUL TO SEX

Berlin, Dec. 4.—An important event in the growth of the feminist movement in Germany, which in the last few years has made great strides, was the opening in Leipzig of the first University College for Women in Germany.

The new college will not confine its students to the ordinary curriculum, but has as its chief object the education of women in the performance of their duties as the mothers and rearers of the nation. At the same time, the school is by no means to be considered as a cooking and sewing class, but will train its students in all the ordinary university branches of learning.

The school owes its foundation entirely to the efforts of Frau Henrietta Goldschmidt, the widow of a Jewish Rabbi, and one of the most remarkable figures at the head of the German feminist movement. Frau Goldschmidt is now 86 years of age, and has worked nearly all her life for the advancement of her sex. The Women's University College has been one of her cherished aspirations, and for the last forty years she has been working unceasingly. The institution is promised a great future, for over 500 students have registered themselves for the first year's wards the realization of her scheme.

The women's unions of Oakland and Richmond, Calif., as a result of a recent referendum vote, have decided to consolidate under one charter. This will, it is said, give the union the largest membership of any organization of women in the United States.

A bill passed by the New York legislature, amending the labor law, went into effect recently. It is designed to provide better sanitary conditions in bakeries. It classifies bakeries as factories and places them under the jurisdiction of the State labor commission.

ANNA MORSE, the thirteen-year-old daughter of Charles W. Morse, the former New York banker, who was removed from the federal prison at Atlanta, Ga., where he was serving a fifteen-year sentence, who saw her father for the first time since his imprisonment in the Arm hospital at Fort McPherson. The child had been kept in ignorance of her father's prison sentence, but the news was broken to her after it was feared that his illness may prove fatal. The meeting between the banker and his daughter was an affecting one.

Women's Health Association Has Concluded Its Sessions

Irish Association Looks to Improvement of Health Conditions Among Women Workers—Has Carried on Useful Work During the Past Few Years

Dublin, Dec. 8.—The proceedings of the Executive Committee of the Women's National Health Association of Ireland have just concluded in the Aberdeen Hall of the Gresham Hotel.

Her Excellency the Countess of Aberdeen, president of the association, occupied the chair, and his Excellency the Lord Lieutenant was also present during a portion of the proceedings. Some 150 delegates were present, representing the 150 branches of the association, scattered all over Ireland, numbering 17,000 members, and belonging to all churches, politics, and sections of the community.

Lady Aberdeen stated that the association was making satisfactory progress, and that new branches were being organized in various districts, including some in Antrim, Enniskilling, Galway, Londonderry, and Donegal, referred to the special work effected by the association in checking the spread of infant mortality in Dublin by the appointment of temporary emergency nurses, acting under the supervision of the medical officers of the city dispensary districts, during the recent outbreak of epidemic, thus co-operating with the visitors working under the Public Health Committee.

The central association was taking the festive steps to safeguard the interests of the organization in connection with the Insurance Bill.

The next item of business, continued her Excellency, was the presentation of the report and statement of accounts in connection with the Great Health and Industries Exhibition, organized by the association in the summer to illustrate its aims and objects. The exhibition had, under the Comptess of Carrick as general manager, proved an extraordinary success.

Lady Carrick then submitted her report and statement of accounts as general manager to the Irish Health Exhibition. The average daily attendance at the exhibition was 11,500, and on Whit Monday the attendance was 17,000. These figures were exclusive of a large number of school children who attended the exhibition.

Lady Carrick dealt with the various departments of the exhibition, such as the food section, the nursing section, the beautiful exhibit sent by the Department of Agriculture, the technical education exhibits, the village hall entertainments, the floral dances, the travelling health exhibition, and pointed out that a number of them, such as the town planning section, were organized solely for educational purposes, and without any hope of profit. Some 6,000 school children and 700 adults were also supplied with lunches without charge.

The next item of business, continued her Excellency, was the presentation of the report and statement of accounts in connection with the Great Health and Industries Exhibition, organized by the association in the summer to illustrate its aims and objects. The exhibition had, under the Comptess of Carrick as general manager, proved an extraordinary success.

Lady Carrick then submitted her report and statement of accounts as general manager to the Irish Health Exhibition. The average daily attendance at the exhibition was 11,500, and on Whit Monday the attendance was 17,000. These figures were exclusive of a large number of school children who attended the exhibition.

'JUICE' WILL BE OFF NEXT SUNDAY

Strathcona, Dec. 8.—One of the big 500-h.p. boilers for the power plant has reached the city and is now being installed in the enlarged boiler room at the electrical station. Two of these boilers will be put in position to furnish steam for the new electrical machinery and it is expected that the second boiler will shortly be on route here from the Goble and McCulloch factory. Owing to a rearrangement of smoke flues, which will have to be made in order that this new boiler can be installed, the power plant will be shut down from midnight tomorrow until Sunday at 6 o'clock. Every effort will be made to have the alterations completed within this time but it may be found necessary to keep the electrical machinery idle for a somewhat longer period. This will be the only shutdown which is likely to be necessary while the new equipment is being installed, but in this case it is quite unavoidable. Citizens will therefore be wise to provide themselves with lamps if lights are required on Sunday. There is a possibility that the churches will be inconvenienced at the evening service.

CHRISTMAS IS COMING

The Burning Question at The Present Time Is

What To Give For A Xmas. Gift?

HAVE you decided yet what to give your wife, your mother, brother or sister? Give them something useful; something that will increase in value; something that will give them an interest in this city of ours. What could be more acceptable to anyone than an envelope containing an **Agreement of Sale** upon a beautiful **LOT in ALLENDALE**. Get it now, and put it on the Breakfast Table Christmas morning. This property is the best close-in proposition in the City. It is rapidly increasing in value, so that whatever price your lot is today it should be worth more than double within a year from now. Think what this means to the happy possessor of "ALLENDALE."

CHRISTMAS LOTS IN — ALLENDALE

\$100 AND UP

Terms — \$10.00 Cash and \$5.00 Per Month

UPON payment of your \$10.00 you at once have the **Agreement of Sale**—you don't have to wait until the purchase is fully paid up—and you have the advantage of selling at a good profit at any time. **ALLENDALE** is situated within the City Limits, about 10 minutes' walk from Whyte avenue. Every lot is high and dry, being situated 2158 feet above sea level. Sewerage, phone and sidewalks are already on the property and in the spring other modern improvements, such as City Water, Electric Cars, Properly Graded Avenues and Boulevards, and the completion of the new High Level Bridge, will make the values positively jump up. Our automobiles are always ready to take you out at any time—morning, noon or night. Seeing the property will convince you better than all the newspaper ads. Let us run you out.

OSTEOPATHS DEMAND STATE RECOGNITION

Different Schools of Science for Alleviation of Human Afflictments Having Lively Struggle Before Provincial Solons—Homeopaths, Alipaths and Osteopaths Involved

no fight between the medical council of Alberta and the osteopaths who seek to obtain equal recognition and privileges equal with those of the orthodox practitioners, promises to precipitate a lively debate in the legislature. Both sides are energetically lobbying. Seven allopathic practitioners, one homeopath, and the three osteopaths who are promoting the bill to create an "osteopathic" college with powers to prescribe examinations and pass graduates who shall be entitled to the use of the title "D. O." (doctor of osteopathy) paid a visit to the legislature this morning, interviewed members, and waited upon Premier Sifton at his office, to urge their respective claims. Sifton stated that he would favor the appointment of a special committee to deal with the proposed legislation.

Two bills are now before the legislature dealing with the practice of osteopathy. The first is promoted by the medical council and is in the form of an amendment to the medical professions act. It provides that all osteopaths practicing in the province must not only be graduates of a college approved of by the American Osteopathic association, but also that the candidates must undergo an additional examination prescribed by the medical council of Alberta, in such subjects of study as are common to the training of osteopaths and allopaths alike. The second bill, which was introduced by J. Wolf, member for Cardston, a couple of days ago, provides for the creation of an osteopathic council of from four to fifteen members, independent of the medical council. This latter measure the medical men are opposing.

The osteopaths are opposing the medical act amendment bill.

On the one hand, the osteopaths contend that the medical council at the present time constitutes a monopoly, and that the council are merely refusing to maintain their "first." The medical men say that "the osteopaths fear to undergo examination, that in the interests of efficiency and public safety a body of men who (the medical council say) may not be properly trained in their profession, should not be allowed to practice." "Why," queried one of the delegates this morning, "should these people fear to submit to examination if they are not afraid that they will be unable to pass? The osteopaths have offered to withdraw their bill and support ours if the provision for examination is withdrawn."

Yet the subjects in which we propose to examine them are precisely similar to subjects prescribed in the curricula of osteopathic colleges in the States. Moreover, the osteopaths want to put out of business a practitioner of their own cut in this city, who has been resident here for many years and who began to practice before osteopathic colleges had sprung up. If their bill passes, this man will be unable to practice.

Dr. McCormick, a homeopath, informed the Capital that "the medical

bill met with his approval. He thought it undesirable to create a new board in the province. One medical council should suffice for allopaths, homeopaths and osteopaths alike.

The medical men who waited on the premier this morning were Drs. Park, president of the Alberta council, H. S. Whittaker, Grange, Macdonald, Dr. McCormick represented the homeopaths; while the members of the osteopaths' delegation were Drs. N. L. Sage, M. E. Church and R. C. Ghosley.

It is proposed in the osteopaths' bill that the first osteopathic council shall consist of Drs. Ghosley, Sage, Mason and Dr. Walker. Other promoters of the bill are Drs. H. E. Walker, R. D. Plummer, W. H. Albright, C. V. McNeal.

Eight convictions were registered in the police court this morning against team drivers for leaving horses and rigs insufficiently secure on the public highways. They were each fined \$2 and costs.

L. R. Volney, who has been in charge of the survey work on the Saskatchewan river which has been under way during the past two years, with a view of ascertaining the cost of making the stream navigable from Edmonton to Lake Winnipeg, is a guest at the Alberta hotel.

TODAY'S PROGRAM AT LEGISLATURE

J. K. CORNWALL, MEMBER FOR PEACE RIVER, WILL CONTINUE DEBATE ON ADDRESS

Several important public measures are on the order paper for this afternoon's session in the legislature and it is probable that their discussion will be postponed in order that the debate on the speech from the throne may be brought to an early conclusion. Some five or more speakers which are to address the house before the division. Whether the division will occur at an evening sitting or whether it will be carried over until Monday in order that members may have an opportunity to leave the city by this evening's train, is a matter of uncertainty.

J. K. Cornwall, member for Peace River will continue the debate on the address this afternoon and will probably speak for an hour. He will be followed, either today or on Monday, by Dr. Stewart, Lethbridge, for the opposition, by Hon. Duncan Marshall, Geo. Hodelay and Hon. A. G. Rutherford.

ford. A Bramley-Moore, member for Alexandra, also wishes to take part in the debate.

CITY HALL NOTES

Beginning with the present fiscal year, department heads of public utilities must issue monthly financial and progress statements. This morning the city commissioners moved a formal resolution that such must be done. The secretary of the board is to write each superintendent again appraising him of this demand.

Other changes in the Children's Shelter are recommended by James Henderson, architect, at request of R. H. Gladwick, superintendent of Selected Children's department of the provincial government. Mr. Gladwick wishes stairways to the balconies on the south side of the building eliminated and iron steps to be substituted on the west. Also a partition eliminated and a door changed. There was formerly a change in regard to a floor and other minor changes have been necessary from time to time.

The Northern Mercantile company of Calgary wishes to supply the city with poles for telephone, street railway and electric light purposes. The commission

cation received this morning was referred to the departments.

A voucher for \$2,100 in favor of the Scott Motor company was signed there by paying for the new red automobile belonging to the fire chief. The fire chief says his machine is quite satisfactory.

Several communications were read to the commissioners from the power house, superintendent, one in regard to the delayed material shipments on the part of Babcock and Wilcox. A shipment promised in ten weeks is not here at the required time. In fact twenty-three weeks have elapsed.

City officialdom is this afternoon inspecting some new water main tapping machines bought by the water-works department. Without turning off the water a 12-inch pipe is to be lead off from a 12-inch main and not a drop of water spilled.

WILL BE DEPORTED.

John Wren, who has served a term of two years in the Alberta penitentiary paying the penalty for his career as a horse thief is being deported today to Montana which is his native state, from which he came to Canada a few years ago. J. C. Downie of the immigration department in Winnipeg is in Edmonton and will accompany the released convict over the border. He will go east over the C. N. R. tonight.

Watches

Of the Kind that run on time

Halfway watches that keep correct time to the second. Beautiful solid gold watches, handsome gold-filled watches that you can depend upon Ladies' Watches mounted with diamonds, or just plain, solid gold, or gold filled watches. HERD LAW WILL BE ENFORCED

LEGISLATURE EMPOWERS LIEUT. GOV. IN COUNCIL TO EXTEND ITS OPERATION

For the benefit of farmers who are suffering from the depredations of cattle and horses wandering at large in fields of grain in the stock, a bill was carried at yesterday's session of the legislature authorizing the lieutenant governor in council to extend the operation of the herd law in these districts throughout the winter months. It was stated by Hon. Duncan Marshall that in districts which border on Saskatchewan, where the herd law is in force, Alberta settlers are suffering from an invasion of hungry cattle and horses from the sister province. The order in council to be put in force immediately will be applicable only to two or three districts. In normal times the herd law is not in operation between October 22 and May 15.

COMMITTEE HAS DONE NOTHING

BOARD OF TRADE COMMITTEE HAS TAKEN NO STEPS RE AMENDMENTS TO EDMONTON CHARTER

The special committee of the board of trade consisting of William Short, W. A. Griesbach and K. W. McKenzie, ex-mayors of Edmonton, appointed for the purpose of investigating the proposed amendments to the Edmonton city charter, with a view of submitting a report to the board of trade has not done anything as yet. The board of trade will hold its regular meeting on Tuesday afternoon and from present indications it is not probable that a report will be ready for submission by that date.

Special arrangements have been made with the King Edward hotel management for a lunch for members of the board of trade promptly at one o'clock, which will admit of the business of the monthly meeting starting promptly at 1:30 on Tuesday.

LARGE PARTY OFF FOR OLD LAND

SPECIAL G. T. P. TRAIN CARRYING HOLIDAY GEAR AND ADVENTURES CAPITAL OF ALBERTA

It was a prosperous and happy looking crowd of eighty-eight men, women and children bound for their former British homes to spend the Christmas holidays, that boarded the special G. T. P. train at the first street depot this morning to go to Portland, Maine, where they will board the White Star liner, Teutonic, which will take them to Liverpool. There was a bustle on the station platform as the special train pulled in from the north to receive its passengers. There were groups everywhere shaking hands, while those who were remaining in Edmonton were wishing their more fortunate friends a safe journey and a good time during the holidays, and asking to be remembered to everyone in the neighborhood of the old home.

Not a few of the holiday makers were farmers from the Edmonton district, who were going back home with their wives and families, and for their appearances they will be good advertisements for the agricultural possibilities of this section of the west.

The party is armed with an abundance of publicity literature furnished by Secretary Fisher of the board of trade and in charge of Robert English, secretary of the commissioners, who is a member of the expedition. Two banners, each the full length of a car were fastened on the sides of the coaches. One of them bore the inscription, "A train load of holiday makers, who have become prosperous in Edmonton, Alberta, Canada. And the other carried the words "Edmonton, Alberta, the progress capital of Canada's most progressive province. A good country to live in. Come and see."

Officials of the passenger department of the G. T. P. and Frank M. Hugg, northwest passenger agent for the Chicago Burlington and Quincy railway, were on board the train when it pulled out of the station. The train consisted of ten coaches.

The standard sleeper, diner and day coach were Grand Trunk Pacific cars, the dining car, next to the engine, was a Burlington car and the rest were all Great Northern coaches.

The train will be the first through train over the G. T. P. to the Atlantic coast. A number of travellers for local points will get on board at Saskatoon.

W. B. Sherman, of Calgary, has purchased the Brandon opera house and has arranged with the Madame Sherry company to open the house at an early date.

Bert Russell, of the Empire theatre, returned to the city last night from a business trip to Saskatoon.

The Summers Stock company will present "David Harum" at the Empire theatre tonight.

NEWS OF THE CITY

J. K. Cornwall, M.P., will give an address before McDougall Men's association in their club rooms in the basement of McDougall church on Monday night, on "The Resources of the North."

According to the local trade bulletin for the month of November, the estimate as to the favorable results of the 1911 crop of the Edmonton district, receives confirmation from various local millers and grain dealers. Wheat of splendid grade is being offered on the local market.

A technical drawing school probably will be inaugurated in connection with the Edmonton night school after the first of the year. Up to the present date the total enrollment at the school is 29.

The Carnival of Amusement held recently by the Woman's hospital aid, netted \$500 to the hospital fund.

The Daughters of Mercy cleared \$200 in connection with the dance held recently.

The property at the corner of McDougall and May street, owned by James Powell, has been sold through the Edmonton land and building commission at a record figure for McDougall avenue property. It has a frontage of 25 feet on McDougall.

Mr. and Mrs. H. O. Silver entertained at bridge in honor of Mr. and Mrs. Levesque, prior to their leaving for Los Angeles, where they intend spending the winter months. The hosts were won by Miss Morin and Mrs. Levesque and Messrs. Anger and McGill.

Alfred Roe, who has been for the last month choir leader of the Eskine Presbyterian church, will visit this morning on a trip to the old country.

LOCAL LIVE STOCK.

The Swift Canadian company will pay the following prices from Dec. 11th, to Dec. 16th, weighed off cars at Edmonton:

COMMITTEE WILL ASK FOR \$10,000

CITY DESIRES THAT AMOUNT FROM PROVINCE TO HELP BEAUTIFY CAPITOL CITY.

One morning early next week, the council committee of the city of Edmonton will wait upon Premier Sifton requesting that the province pay to the city of Edmonton \$10,000 or more annually for beautifying the capital of the province. His worship, the mayor, is in receipt of a letter from the premier stating that he will receive the delegation any morning in his office. That each provincial government should contribute materially toward the beautification of its capital was an expression in resolution passed by the union of municipalities last summer. At the last meeting of the city council a committee was appointed to wait upon the government in this regard.

SUPERINTENDENT OF PARKS IS APPOINTED

Will Carry Out Work as Designated by Newly Created Parks Commission—Duties of Board Not Yet Defined—Personnel of Commission

A parks commission has been appointed. Such a body has never before existed in this morning at the hands of the commissioners. P. A. Von Auberg, first assistant to the city engineer, was appointed by the commissioners to officiate as parks superintendent. The parks commission consists of the mayor, the city engineer, Lionel Gibbs, H. M. E. Evans and W. H. Clark of Edmonton, Judge Tipton and Dr. Terry of Strathcona, to assume membership upon amalgamation.

That a parks commission be appointed was ordered by the city council some months ago.

Just what are to constitute the functions of the commission is to be decided later and it will likewise be decided as to what funds this commission will handle and whether such funds shall come. It is proposed that an amendment to the city charter shall be provided enabling the municipality to raise money by direct taxation for such purposes, even as school funds are provided for now. To the end the city solicitor is to be instructed by the mayor to make an addenda to the amendments to the charter before the legislature covering this feature. It was suggested that the limit for park purposes be one mill. One mill will raise about \$46,000. It is not proposed to use the one mill unless deemed advisable, in establishing the assessment a half mill might be taken, or a quarter.

IN EVERY DETAIL EDMONTON'S LEADING DEPT. STORE

W. JOHNSTONE WALKER & CO. JASPER AVE. EAST EDMONTON

FOES OF LIQUOR IN SESSION.

Washington, D. C., Dec. 8.—"Kine Boozer" is due to receive a good many hard thumps from notable speakers to be heard here during the next week or ten days. Preceding the biennial convention of the Anti-Saloon League of workers are now engaged in a series America, to be held in this city the coming week, the superintendents and of conferences in the metropolitan M. E. church. The convention proper will open next Monday evening with a mass meeting in the Calgary Baptist church. The sessions of the convention will last four days and will be followed by a national conference to consider the question of interstate liquor traffic.

David Delano has acquired an interest in the syndicate's houses in Seattle, Los Angeles, St. Louis and Syracuse.

Edmundson, public places in general, play, and his wife and son are collaborating on a comedy entitled "The Good Little Devil."

OTTAWA HOUSE TO MEET JANUARY 10

Ottawa, Dec. 8.—Parliament is adjourned at 6 o'clock until January 10. There was a slim attendance of members when the House met, many having left for their homes already. Proceedings were largely confined to the answering of questions and a continuation of the debate on the dismissal of public servants which commenced yesterday.

Four speakers, three were opposition members. Hon. William Plessley protested against the dismissal of the members of the marine section of the waterways commission. He said that if Mr. Foster's idea was right and correct should happen to be a change of government in the course of the next three or four years, the present members of the commission would feel that they should send in their resignations.

Replying to Sir Wilfrid Laurier, Hon. J. D. Hazen, said that he had no information in regard to the statement that he would proceed to London shortly to consult the admiralty, other than that which had appeared in the press.

Hon. W. T. White, replying to a question by E. M. MacDonald, (Pleasant) said that he was not in a position to state definitely whether or not the bill to revise the Bank Act would be introduced this session.

The Maritime province members did not want the House to resume till January 17.

Premier Sifton was inclined to agree with them on the score that it would give the government more time in which to prepare its programme. The Western members objected, however, and won out.

Rev. Father Donnelly, O.M.I., of London, England, will give an address at St. Joachim's church this evening at 7.30.

TOO LATE FOR CLASSIFICATION.

WILL PAY CASH FOR STANLEY PARK LOT 274, 275, 276, 277, P.O. Box 577.
